

**UCSF Liver Center Immunology & Cell Analysis Core
Price List (effective January 1, 2017)**

Effective January 1, 2017, the Liver Center Immunology & Cell Analysis Core converted its operation to a UCSF-approved recharge unit. Prices for use of the analytical instruments belonging to the core (located at S-357, Parnassus campus) are shown below. Prices for use of instruments housed within the Parnassus Flow Cytometry Core (PFCC) can be found here. Please inquire in advance about obtaining a Liver Center discount if you wish to use the PFCC for liver-related research.

Type of Service	Unit	Liver Center Member Rate*	UCSF Non-Member Rate**
LSR II flow cytometer (unassisted)	1 hour	\$20.00	\$28.00
Quantstudio6 QPCR (unassisted)	1 hour	\$7.00	\$10.00
Specialist time (hands-on assistance)	1 hour	\$45.00	\$90.00

*Member rate applies to Liver Center members at UCSF and other University of California campuses

**Non-Member rates apply to UCSF faculty who are not Liver Center members and Liver Center members who are performing non-liver-related research.

External academic or industry clients should contact the Liver Center for pricing.
