

**2nd California  
DDRCC Network Symposium  
Program  
December 3, 2021  
1 – 4 PM, Zoom**

**ZOOM INFORMATION**

<https://ucsf.zoom.us/j/91038380878?pwd=cURJTVZnVjBFZySFRORUpGSXZ0QT09>

Meeting ID: 910 3838 0878, Password: 031797

<b>Scientific program (sequential sessions)</b>	
1:00 - 1:05 PM	<b>Welcome</b> Holger Willenbring, MD, PhD, UCSF
	<b>Basic/translational</b> Moderated by David Moore, PhD, UC Berkeley
1:05 - 1:20 PM	<b>Thomas Vallim, PhD, UCLA</b> <i>The role of FXR in the regulation of liver lipids via the gut-liver axis</i>
1:20 - 1:35 PM	<b>Cristina Llorente, PhD, UCSD</b> <i>Small intestinal goblet cells acting as sentinels of the immune system to prevent progression of ethanol-induced liver disease</i>
1:35 - 1:50 PM	<b>Bruce Wang, MD, UCSF</b> <i>Single-cell analysis of patient-specific hepatoblastoma spheroids identifies distinct tumor cell signatures that predict susceptibility to chemotherapy</i>
1:50 - 2:05 PM	<b>Anisa Shaker, MD, USC</b> <i>The role of human esophageal myofibroblasts in regulating the epithelial response in GERD</i>
2:05 - 2:10 PM	<b>Break</b>
	<b>Clinical</b> Moderated by Mandana Khalili, MD, UCSF
2:10 - 2:25 PM	<b>Berkeley Limketkai, MD, PhD, UCLA</b> <i>Path to precision nutrition in IBD</i>
2:25 - 2:40 PM	<b>Siddharth Singh, MD, UCSD</b> <i>Setting up a multi-center electronic health record registry for IBD: An informatics-based approach</i>
2:40 - 2:55 PM	<b>Michele Tana, MD, UCSF</b> <i>Molecular signatures in autoimmune hepatitis</i>
2:55 - 3:10 PM	<b>Brian Lee, MD, USC</b> <i>Optimizing the selection process in early liver transplantation for alcohol-associated hepatitis</i>
3:10 - 3:15 PM	<b>Closing remarks</b>
<b>Career development workshop (parallel sessions)</b>	
<i>You will be prompted to enter a breakout room of your choice on the universal symposium Zoom link</i>	
<b>Room 1</b> 3:15 - 4:00 PM	<b>Ask the editor: How to get reviewed/published in a high-impact gastroenterology or liver journal?</b> <b>1) Basic/translational</b> Bernd Schnabl, MD, UCSD, Journal of Hepatology, Martin Martin, MD, UCLA & Mark Frey, PhD, USC, American Journal of Physiology - Gastrointestinal and Liver Physiology
<b>Room 2</b> 3:15 - 4:00 PM	<b>2) Clinical</b> Jackie Maher, MD, UCSF, Gastroenterology & Jennifer Lai, MD, UCSF, Hepatology
<b>Room 3</b> 3:15 - 4:00 PM	<b>Ask the reviewer: How to get discussed/funded by an NIH or foundation career development award study section?</b> Catia Sternini, MD, UCLA, Lars Eckmann, PhD, UCSD & Wendy Setiawan, PhD, USC

Hosted by the UCSF Liver Center
